ORONO, MAINE, OCTOBER 24, 1929

No. 5

Boxing Will Begin After Close Of Football Season

Boxing will start this year directly after the football season. "Bill" Daley, heavyweight champion of the Maine campus, and "Bill" Kenyon, who has been working this summer with Sullivan of Manchester, N. H., well-known trainer, will have charge of the sport. P. S. credit will be given those who attend classes regularly.

Intra-mural bouts are to be held later on in the season, and the four loving cups, at present in the possession of Phi Gamma Delta, the Dormitory Council, and Delta Tau Delta, will be rewarded the fraternities winning the championships in each of the weight classes.

BILL DALEY

Maine's Heavyweight Champion

Fifty men are expected to answer the first call, and the veterans of last year's battles, combined with a husky group of freshmen, give assurance of some exciting scraps.

It is hoped that boxing will become a major sport at Maine in the near future. When it attains that status, inter-collegiate bouts will be held with prominent New England colleges. All this year's activity will be with that end in view.

The University of New Hampshire and Dartmouth College have boxing teams. In Bill Kenyon and Bill Daley the University of Maine has two men fully capable of organizing and training a team that could compete successfully with boxers from the above mentioned institutions. The students of the University of Maine and the residents of Bangor and Old Town showed their interest in boxing last year when they packed the gym at the inter-fraternity bouts. Gate receipts would easily cover the expense of bringing a New Hampshire team to Maine.

COLBY STUDENT COUNCIL TO HOLD DANCE SATURDAY NIGHT

The Student Council of Colby College will hold a dance in the Alumnae Building Saturday evening, November 2, from 7:30 until 11:30. An invitation is extended to all Maine students and friends who will be in Waterville. Music will be furnished by a Colby orchestra. George Allison's Blue Serenaders and the admission will be 50¢ each.

New Point System Included in Maine Eligibility Rules

Due to certain changes in the method of administration occasioned by the resignation of Professor Pollard as chairman, the records now in the hands of the Committee on Eligibility are at present incomplete concerning the present officers of student organizations, non-athletic. The executive head of each such organization is therefore asked to provide the chairman with a list of its officers. A card file will then be started and maintained which will show at a glance the first, second- and third-class positions held by any individual. Such a file should be valuable alike to the organizations before nominations are made and to the Committee on Eligibility in approving nominations made.

COLLEGE WIDOWS TAKE A FALL

The college widow in Michigan is going to have a poor time gathering fraternity pins.

The frat pin, long the symbol of affection in campus courtship, has been ruled out of that realm. The legislature has made it a misdemeanor for anyone to wear a lodge or fraternity pin if not a member of the organization the pin represents.

Maine Professors To Tender Series of Lectures To Students For Facilitation of Study

Professors Dickinson and Fassett Together With Dean Cloke To Lecture on "How To Study"; Lectures Offered in Response to Frequent Demands For Information

The first of a series of three lectures on "How to Study" will be given by Professor Dickinson of the Department of Psychology Tuesday, October 29th, in 335 Abert Hall. Professor Dickinson will discuss and give practical demonstrations of the most effective methods of studying.

The lectures have been arranged in response to frequent requests from both freshmen and upperclassmen for help in learning how to study more effectively.

Professor Fassett of the English Department will give the second lecture on November 5th. The concluding lecture will be given by Dean Cloke of the College of Technology on November 7th.

The question of How to Study is one of primary importance to every college student. So important is it that many colleges have introduced courses on the subject as a part of the regular curriculum. Much of the strain of keeping up with classes would be removed if students were trained in the best use of time and energy. Also the quality of work done would be improved and the quantity increased.

Every man on the campus who is not satisfied that he is getting the best results from his efforts should take advantage of this opportunity. Freshmen are especially urged to attend.

New Metal Invented By Westinghouse Research Engineer

Development of a new metal known as "Komet", which is credited with being much stronger than other metals at high temperatures and which can be used extensively in the moving parts of internal combustion engines and other extremely hot places, has been announced by officials of the Westinghouse Electric & Manufacturing Company. The announcement followed the granting of foreign patent rights.

Originally developed by the Westinghouse Research Laboratories as a substitute for platinum in the manufacture of lanterns for radio tubes, the new metal was discovered to be harder to forge than (Continued on Page Four)

Senior Skulls Offer Prize for Best Play

The members of the Class of 1927 Senior Skull Society offer a prize of \$30.00 to the writer of the best one-act play submitted in the spring of 1930, in accordance with the following regulations:

1. The contest is open to all regular undergraduate students and to graduate students not in the employ of the University.
2. All contributions must be one-act plays requiring about a half hour for performance.
3. All plays submitted must be the original work of the writer.
4. More than one play may be submitted by the same person.
5. Preference will be given to plays dealing with Maine characters or setting.
6. All plays entered must be in the hands of the Registrar on or before May 15, 1930.
7. The play submitted must bear no indication of the author's identity. The play must be signed with a pseudonym, and a sealed envelope containing the student's real name and pseudonym must accompany each play.
8. Right is reserved for the Department of Public Speaking to use any play or all plays submitted for public performance without royalty charges.
9. Right is reserved to withhold the award if the contributions are not considered worthy.
10. The following committee shall judge the contributions: Mark Bailey, H. M. Ellis and F. G. Fassett, Jr.

Valiant Stand Made By Bear Against Clawing Wildcats

Running 60 yards for a touchdown, catching a 30 yard pass and throwing a 39 yard pass, John Small of the University of New Hampshire led the Wildcats to a 21 to 7 victory over the University of Maine at Orono Saturday, October 19. This is the first defeat in five years a Maine team has suffered on Alumni Field.

Although Maine was crippled at the start by the loss of Abbott, Palmer, Davis and Jasionis and suffered further losses when Bill Gowell, tackle, was removed in the first quarter with an injured hip, and Hank Horne was taken out at the half with a back injury, they gave New Hampshire a terrific battle they will long remember. Every man was fighting hard and to the best of his ability.

(Continued on Page Four)

Sophomore Girls Win Over Seniors In Hockey Contest

In former years it has seemed customary for sophomore women to stop coming out for athletics. That this is not true of the class of 1932 has been shown especially by their activity in hockey. In their first game, one of the best played this fall, the Sophomores defeated the Juniors 1 to 0. The goal was made by Esther Moore in a surprise pass from perilously near the end-line.

Last Saturday morning the sophomore team was out again for a victory over the seniors with the score 4 to 2. It was a close contest and the sophomores found it hard to overcome their rivals. What is notable however is that there were enough sophomores out to have several subs whereas in other years, it has been said there were not enough sophomores to make up a team. The lineup of this game was:

SENIORS: Thelma Lapworth, lw; Vera Hill, li; Dot Ross, cf

SOPHOMORES: lw, "Mil" Smith; li, "Red" Findlen; cf, Spud Churchill; S. Burrell

"Shrimp" Barrows, ri; Marion Lewis S. Churchill

Ellen Mullaney, rw; rw, Esther Moore; Rachel Mathews, lh; lh, Muriel Friedman

Sylvia Gould, ch; ch, "Stub" Burrell; Mary Crowley, rh; rh, "Ike" Montgomery

Rebecca Mathews, lf; lf, "Polly" McCreedy

"Chris" Norwood, rf; rf, Katherine Trickey

"Chris" Norwood, goal; goal, Anna Buck

Sophomores: Goals: "Spud" Churchill 1; "Red" Findlen 2; "Stubby" Burrell 2; Seniors: Thelma Lapworth 1; "Dot" Ross 1.

Frosh Harriers Win Over Lee Academy

The frosh harriers annexed another scalp when they defeated Lee Academy Saturday. This makes the third victory in as many starts. Booth, the individual winner made a record time of 12:48, which was good, considering the wet condition of the course.

The order of finishing was: First, Booth, Maine; second, Haskell, Maine; third, Osgood, Lee; fourth, Danforth, Lee; fifth, Glover, Lee; sixth, Shaw, Maine; seventh, Roberts, Maine; eighth, Bullen, Maine; ninth, White, Maine; tenth, Averill, Lee; twelfth, Fitzpatrick, Maine.

Women's Athletic Association Sponsors Women's Alumni Day

The Women's Athletic Association is sponsoring a Women's Alumni Day to be held November 9, the Saturday after Maine Night. A full program is being arranged for the entertainment of all those who plan to come back on that day.

In the morning there will be two hockey games: Connecticut Agricultural College vs. Varsity at 9:30 and Bucksport Seminary vs. Freshmen at 10:30. Both games promise to be exciting and well-matched contests.

All women students who can are urged to attend the luncheon to be given at North Hall at 12 o'clock. Anyone who plans to go is requested to notify "Lib" Livingston at Balentine, before October 26.

Western Missionary Speaks to Students On Western States

Dr. Frank L. Moore of Chicago who is engaged in missionary work west of the Mississippi River and at present is on a lecturing tour in Maine, was the speaker at the chapel exercises Monday morning on the subject, "The Changeless and Changing West." Mr. Moore has traveled all through the west in his work, covering on an average about 1000 miles a week, and has grown to know it intimately and to love it. He spoke in particular of Badger Clark, a modern poet who seems to have caught the spirit of the west in a way that few others have in a volume of poems entitled *Sun and Saddle Leather*. From this collection the speaker quoted *Just a-Riding, Riding up the Rocky Trail from Town, The Bad Lands, God's Reserve and The Cowboy's Prayer*, all intimate and vivid pictures of the west and western life. "Clark is a rising poet whose poems are receiving increasing attention," Dr. Moore said.

He spoke of James F. Walker, a Maine man, born in Bethel who moved west while very young. His boyhood was spent among the Indians at the Indian Reservation in North Dakota on the Missouri River and he at an early age determined to be a frontier missionary. Mr. Moore has also seen much of the Indians. He told of their religion and of the sun-dance and fasting as explained by an Indian, Sitting Bull. "Christianity has reached the Indians now," Mr. Moore stated. He spoke briefly on religious conditions in the west saying that it is a land which had no religious traditions as did the east. The task was somewhat unusual and seemed to hold the interest of the student body.

Varsity Cross Country Team To Meet Bates

The Varsity Cross Country team is working diligently for the State Meet at Bates a week from next Friday. This meet has dwindled down to but Bates and Maine, the other two colleges not having any representatives. Maine won handsily last year, and expects to repeat this year. Their main objective, however, is the New England and the National meets which come later on in November.

The new men, Austin, Ganning and Fuller are improving daily and the co-captains Lindsay and Richardson are doing good work.

FRESHMEN TO HOLD ATHLETIC RALLY

An athletic rally for the freshman class will be held in Alumni Hall Thursday evening at 6:45. This will be the second organized meeting of the class of 1933 and a large attendance is expected.

The meeting will be addressed by Coaches Jenkins of the track squad and Jones of the freshman football team. Their talks will be directly concerned with the propagation of freshman athletics. Sam Calderwood, freshman football captain and temporary president of the class, will also speak.

MECHANICAL ENGINEERS HOLD FIRST MEETING

The first meeting of the Student Branch of the American Society of Mechanical Engineers will be held Monday, October 28 in Room 27 Lord Hall at 7:30 p.m. Speakers will be Linwood Snider '28 and members of the senior class.

Students Offered Chance For Traffic Problem Study

This year will complete the production of more than 44,000,000 automobiles in this country. It will see 25,000,000 of these still in use upon the streets and by-ways. Production and registration of motor vehicles are increasing by millions each year.

One of the greatest problems before the engineering profession is to provide adequate streets and highways and to regulate their use. Regulation of traffic, systematizing of one-way streets, and traffic distribution are a few of the tasks to be considered.

During the past ten years many universities have included courses of city planning in their curricula, and the demand for men having this special training is constant. The field is expanding. Similar specialization is certain to be demanded of those who will engage in traffic engineering. The National Safety Council, a co-operative, non-commercial, non-political association, is interested in the promotion of this profession as a means of continuing urban and rural development (Continued on Page Four)

Discussion Groups Debate Religion

The M.C.A. freshman discussion group held its first meeting Wednesday evening, Oct. 16 in Wesley Chapel. Grace Lamoine was in charge of the literature group, and Louise Washburn and Miss Mildred Campbell in the absence of Hildreth Montgomery, led the group who will discuss religion and morals. The meeting was short, the principal purpose of it being to make plans for the work of the two groups.

At a meeting Wednesday the literature discussed was the book "All Quiet on the Western Front" by Remarque, and also poems by John Masefield.

The religious and moral discussion group will meet at Wesley Chapel Wednesday, Oct. 30, and will discuss the topic "Why Go to Church?"

A committee consisting of Betty Barrows, chairman, Rosamond Cole, and Grace Quarrington was elected to make arrangements for a freshman party which will include all members of the class of 1933 and will take place sometime in the near future.

Of the eleven men Coach Brice expected in September, to start the State Series Captain Lavon Zakarian is the only one who has weathered the storms without injury and will be the only man in condition to start against Bates Saturday, at Lewiston, although Lyman Abbott and Ralph Davis will play and may start the game.

On Coach Brice's expected team was Hickson, left end who did not return to the University, Horne left tackle, who will be unable to play against Bates because of a back injury sustained in the New Hampshire game; Vail, left guard, who will also be unable to play Saturday as he has been in bed all week with throat trouble; Captain Zakarian, the only whole one in the bunch; Davis, right guard, who is recovering from a sprained foot received in the Connecticut game, but Fat will probably see some action against Bates; Gowell, right tackle, first stricken with mumps, keeping him out of two games and then getting his hip muscles torn in the New Hampshire game, keeping him out for the rest of the season; Ted Palmer, right end, suffered a broken jaw in the opening game crippling him for the remainder of the games; Lymie Abbott, quarterback, who is suffering from leg and foot injuries received in practice before the season started may start his first game of this year against Bates Saturday; Graney right half, failed to return to college this fall; Jack Moran, left halfback, has been ineligible all fall; Fred Hall, fullback, again hurt his knee putting him out for the season. If Coach Brice had this club entered in the State Series his worries would be few and far between.

With the return of Lymie Abbott to the team, the weakness of Maine this week seems to center in the line as injuries hit the team hard after the New Hampshire game. Hank Horne, Red Vail, Bill Gowell, and perhaps Fat Davis will all be out of Saturday's game, leaving a (Continued on Page Four)

College Music Clubs To Broadcast Over Columbia Circuit

College students as well as Alumni throughout the country will be glad to know that the college musical organization broadcasts such as those featured by Amherst, Dartmouth, Illinois, Northwestern, Columbia, Ohio State, University of Pennsylvania and others, last year will be continued again this year.

The first organization to be scheduled is the Brown Band, which will broadcast Wednesday evening, October 16th, 9 to 9:30 Central Standard Time. The next broadcast will be that of the Purdue Glee Club at the same hour, Wednesday, October 30th. College Humor Magazine and the Kolster Company who sponsor these programs have promised many more interesting announcements for the near future.

ATHLETIC ASSOCIATION SPONSORS FOOTBALL RALLY

The Bates-Maine game will be occasion for a rally, sponsored by the Maine Athletic Association, to be held in Alumni Hall October 25 at 9:45 A.M. The Administration Committee has made this possible by eliminating the Monday morning chapel.

Interest is running high on the outcome of the State series and this method is being taken to better organize the most necessary student support.

Classes will not be conducted the following Saturday, November 2, the day of the Colby game.

LEARN HOW TO STUDY

A series of lectures on "How to Study" will be given by two professors and the dean of the College of Technology next week. The purpose of this series of talks is to get Ma ne men and women interested in study and to try to make it possible for them to do more and better work in less time. The lectures are being sponsored by the Psychology Department of the university and the Maine Christian Association. The talks will be given from a scientific point of view, and all efforts will be made to make the instruction of the most value to the students. Both men and women of the student body are urged to attend.

Every student at the University of Maine probably does a certain amount of studying but there are few who really know how to study. Some students spend a great deal of time on their studies and still do not seem to get much of their courses. Others hardly "crack a book" and still seem to get along very well. Probably many of the students who are getting along without much studying could get high grades with a little more effort and those who work hard for what they get could undoubtedly do just as well and do much less work, if they only knew how to study. These lectures will be an attempt to help all students in their studying problems.

Maine men and women should show their appreciation for what is being done to aid them by attending all three of the meetings.

THE MAINE BAND

"Music hath charms," it is said but when the University of Maine band lined up in formation on Alumni Field at the New Hampshire-Maine game last Saturday there was form, melody, and spirit. Music adds to any occasion, and the good work of the band should be appreciated by all. Through the efforts of Lieutenant Richard McKee, Sergeant Frank Donchcz, and band manager, Linwood H. Brofee, the band has worked into a formidable organization. It is expected that the new uniforms will be ready for the Bowdoin game and, with the passing of the yachtman's regalia, the band should put on a very martial appearance when they line up on Alumni Field the afternoon after Maine Night.

NOT SO BAD

The new ticket system has received some criticism but it seemed to be quite satisfactory to the majority of students at the New Hampshire-Maine game last Saturday. That the new system is an honest attempt on the part of the Athletic Board to improve the ticket distribution problem at Maine there can be no question. Of course there is room for improvement—but on the whole the new idea seems to be the best means of ticket distribution as yet tried here.

Help simplify the seating problem at the Bowdoin game by getting your tickets early.

CORRESPONDENCE

Editor Maine Campus
University of Maine,
Orono, Maine.

Dear Sir:

Now that the spirit of change has struck the athletic department, may I suggest another change in that department, namely the method in which the athletic trophies are kept.

I believe in various places of the University are deposited banners, cups and plaques, which various athletic teams have won. With the exception of several musty footballs and a few tarnished cups, located in Alumni, we have no visible evidence of the greatness of passed teams.

When the new gym goes up there is to be a trophy room. Until the new gym is constructed we should find a temporary resting place for them.

The Chapel would be as good as any. I am sure its holiness would not be desecrated by banners on the bare walls and silver cups in cases.

Respectfully,
Arthur B. Conner

Editor the Campus

IF NOT AN AMBULANCE—

There are those of us who looked on in indignation last Saturday afternoon when one of the football squad was carried from the field in a manner that must have increased his pain. Could the Athletic Association not provide a stretcher for moving an injured man? The enlargement of the book-store leads us to believe that sufficient funds are available at the present time. Could a mere five dollars be more profitably spent? Perhaps we have on the campus a chicken-hearted co-ed who will loan her cot bed

BOOK REVIEW

Literary categories of today possibly contain the greatest number of drawing cards for popular interest. Among them can be found a well flavored and savory collaboration of Ring Lardner's original tid bits and what-not called *Roundup*. It is a book written for the admiration of the intelligent as well as for those whose literary interests are confined to the plebeian newspapers, and so far, condemning criticisms have lurked timidly in a hesitant background.

Something new to foster the spirit of familiarity with unusual figures in and out of history and literature, is a rich collection by Marie Jenney Howe of cozy details, whispered confessions, and colorful experiences of that incomparable George Sand. Who, whether man or woman, sentimental book-lover or bored cynic, can overlook without some display of curiosity (womanly or otherwise) the *Intimate Journal of George Sand*. A revelation similar to this seldom appears, and it is being bought by modern readers for more than a mere filler-in.

Also can be noticed on today's book shelves *The Cradle of the Deep*, Joan L. Weis's most recent success. Fun, spiced with prankish adventure and seasoned with the salt of the briny, makes up the tasty bulk of the story, and supplies the necessary vitamin of pep and delight. The sea holds an appeal for many, but when it beats seductive society to it in claiming the heart and soul of a darling feminine sailor, then have we a story minus the usual triteness and stilted straight-jacket of conventional themes.

for this purpose. Surely the present method of transportation can be improved.

Sincerely,
Caroline Cousins '31

Read 'Em And Weep

One sorority pledge, when told she used too much slang, said, "Well, I'll quit that, and start cussing like the old members."

And still some of the frosh cannot pronounce Chautauqua correctly. Chance for the English department.

The 'taters were good this year. Look at the Bear Brummell's and new roadsters on the campus.

He came home and, as they say in the talkies, found his wife sewing on a tiny garment.

"My dear! My dear!" he cried.
"Don't be silly," she replied calmly.
"This is my new evening gown."

"Oh, for Moran and Abbott in that backfield!" moaned the crowd last Saturday.

Getting near the time for the return of the old Maine 'enthusiasm."

"What's your real name?"
"Georgiana."

"What's your pet name?"
"Mother says I'm too young for that."

Bananas invades the Bobcat's fair Saturday. See you in Lewiston.

"Am I blue?" sang the heartbroken freshman, as her boy friend walked by with another girl, Sunday afternoon.

"This is a heck of a party," said Bananas as she got hung up on the fence post last Saturday.

AIN'T EDUCATION GRAND?
Scrubwoman (to child): "Wot, Willie, did I hear you say 'aint'? And yer own mother, for eight years scrubbin' th' floors in th' English department."

"Well, well," said the well, "it must be tourists," as the age-old bucket came clattering down.

For evening
— Gordon
V-Line Hosiery!

For evening . . . because the V-shadows are tapered so gracefully on either side of the ankle. Because the colors of Gordon V-Line Hosiery consider not only the costume but the woman herself. The new colors are planned to match skin tones (whether pale or sun-tanned)—distinctly a modern note. See our special collection of evening shades.

Social Happenings

ALPHA TAU OMEGA HOLDS FODDER FEST

Something new and different took place on the campus Saturday night when Alpha Tau Omega fraternity held a Fodder Fest. The interior of the house was banked with corn fodder and lighted pumpkins carved with the names of the pledges and sororities present. Miniature cherry paddles were used for dance orders. Cider kegs and chocolate doughnuts were set up in convenient nooks for the dancers.

Major and Mrs. Edward J. Oliver chaperoned the party. During intermission Mrs. Oliver was presented with a jeweled sister pin by Franklin E. Pearce president of A T O. Mrs. Oliver, who has several brothers and uncles as members of the fraternity in the south, made a fitting response.

Tom Kane's orchestra furnished music, and over fifty couples were present, including guests from Colby, New Hampshire, Wheaton and Boston University.

The committee in charge were: Richard W. Loring, chairman; John Lane, Fernald Bagley and Arthur Lufkin, Jr.

SODALITAS LATINA INITIATES NINE MEMBERS

The Sodalitas Latina initiated nine new members at its first meeting last Wednesday evening. Those who were taken were: Brenna Blaisdell, Priscilla Noddin, Lois Burr, Marian Davis, Louise Theriault, Marjorie Moores, Josephine Carboni, Harland Leathers, Ruth Treworgy. Marian Davis was elected to serve as secretary-treasurer for the year.

The first meeting of the Language Conference was held Monday at 7:30 P.M., at the University Inn. Prof. Milton Ellis spoke on "The First American Novel."

CHI OMEGA GIVES TEA

Chi Omega gave a tea Tuesday afternoon in the Balentine sun parlor in honor of Miss Wetzel, their national delegate from Pennsylvania. Dorothy Baker and Charlene Ellis poured and Henrietta Findlen and Margaret Hammel served.

A graphophone party was held at Kappa Sigma Saturday evening. The maximum number of couples attended. The new graphophone, playing some of the latest, furnished music for the dancing.

The following fraternities held pledge dances the past week end: Alpha Tau Omega, Sigma Chi, Sigma Alpha Epsilon, Beta Theta Pi, Delta Tau Delta, Beta Kappa, Sigma Nu, Phi Eta Kappa, Lambda Chi Alpha.

Dean Stevens will speak to the men of the Universalist Church in Pittsfield Sunday morning, October 27.

Dr. Levinson, of the Department of Philosophy, will represent the University at the celebration of the seventieth birthday of Professor John Dewey of Columbia University. Professor Dewey is probably the leading authority in his field in this country. Professor Levinson's father, S. O. Levinson of Chicago, is a member of the committee of arrangements for the celebration.

Professors Fitch and Crofutt and Mr. Leifer will attend a meeting of college teachers of Physics at Bowdoin College Saturday, October 26. This organization was established at the University of Maine in 1926, and meets twice each year with the different colleges in turn.

Faculty News

The first American novel was not the book discussed as such in the last issue of the Atlantic Monthly, but *The Bond of Sympathy*, published in Boston in 1789, according to Dr. Milton Ellis who read a paper on the subject at the last meeting of the Language Conference, held at the Inn on Monday evening.

At the same meeting Dr. Parker was elected chairman of the Language Conference and Miss McCreary secretary.

Walter Whitney entertained two tables at bridge at his home in Bangor Friday evening. Those present were Miss Nancy McCreary, Miss Elizabeth Foster, Miss Elsie Brickett, Mr. Edward Brush, Mr. Carl Wedell and Mr. and Mrs. Fassett.

Dr. Turner read a paper on the English novel in the first half of the 19th century through Dickens at the Y.W.C.A. meeting at Balentine Hall last night.

Professor Whitney will finish the survey at the next meeting. The date for this lecture which promises to be very interesting has not been set.

Mrs. F. G. Fassett addressed the Y.W.C.A. in Balentine Hall on The English Novel in the Eighteenth Century and led a discussion group of freshmen in the M.C.A. on the subject What is a Gentleman.

Dean Stevens addressed the Men's Association of Federated Churches at No. Aysan on Tuesday, October 22. Men's Clubs from Pittsfield, Waterville, and Norridgewock were represented.

Columbia on Sale at Farrar Furniture Co. Bangor

The telephone grows air-minded

THE BELL SYSTEM has made many successful experiments in two-way plane to ground telephone communication. This new development illustrates how it marches a pace ahead of the new civilization. It is now growing faster than ever before.

New telephone buildings are going up this year in 200 cities. Many central offices are changing from manual to dial tele-

phones. A vast program of cable construction is going on.

This is the period of growth, improvement and adventure in the telephone industry. Expenditures this year for new plant and service improvements will total more than five hundred and fifty million dollars—one and one half times the entire cost of the Panama Canal.

SCREEN

Manager Goldsmith of the Strand Theatre announces Wednesday next as the opening date for "On With the Show" Warner Bros. first 100% natural color, talking, singing, dancing Vitaphone picture.

"On With the Show", besides the glamour of back stage life—it is a play within a play—combines a tender heart story, with the fantasy that is in the extravaganza which the stranded company of players are determined to put on, despite the fact that the "ghost" refuses to walk.

Gorgeous costumes and settings are seen in their own brilliant coloring, and the tintings make the players all but living. Besides the great cast, "On With the Show" has a chorus of dazzling beauties, numbering over one hundred.

One of the interesting things about this story is the fact that it is the first play of Humphrey Pearson, who went to Hollywood for his health, casually flung his brain-child into the Warner Bros. lot—to find himself a fortnight later—with a job as a special writer for them, and with "On With the Show" in production.

Robert Lord did the screen adaptation. If Florence Anderson '32 and Milledge Buckwith '30 will present this column at the box office of the Strand Theatre they will each receive a pass to any performance.

**It's an old
GROGAN
custom...**

...So of course you're quite right to expect that this newest Oscar Grogan record holds a pair of knockouts.

Grogan's intimate whispering tenor has turned out another brilliant vocal job—this time on two of the greatest up-to-the-minute song sensations.

You're sure to want these hits in your album—better drop in on your Columbia dealer today for Grogan's latest, and hear these other numbers, too...

Record No. 1966-D, 10-inch, 75c

TIP-TOE THRU' THE TULIPS WITH ME
(from Motion Picture "The Gold Diggers of Broadway")

Vocals . . . Oscar Grogan

WHERE ARE YOU DREAM GIRL?

Record No. 1968-D, 10-inch, 75c

WHERE THE SWEET FORGET-ME-NOTS REMEMBER
IF I HAD MY WAY
(from Motion Picture "The Flying Fool")

Fox Trots . Merle Johnston and His Ceco Couriers

Record No. 1963-D, 10-inch, 75c

IT'S UNANIMOUS NOW
THAT'S WHERE YOU COME IN

Vocal Duets . . . The Sunshine Boys (Joe and Dan Mooney)

"Magic Notes"

Viva-tonal Recording—The Records without Scratch

Frosh Football Team Wins Over Coburn

Coach Jones gridmen stole a victory from Coburn Classical last Saturday. Although a heavier and better drilled eleven, the Frosh did not play as consistent football as their adversaries, and only edged them away from the victory line by a 6-2 margin. A fumble and a blocked punt by Fraser in the early part of the game were responsible for the single touchdown the Cubs scored.

Punting featured in the melee, both teams at one time in the game kicking the ball from one danger zone back to another. Coburn staged a passing game and a display of grit that was commendable. In the second half they outplayed the Frosh and threatened to tally on them. The line tightened up in the second half and prevented any direct score by the visitors who were unable to jam thru the Maine line, altho their spectacular passing was baffling.

Near the end of the last quarter Casey of Coburn broke thru the line to block Romanski's punt. The ball skidded over the end zone and out of bounds, Casey recovering for a safety which netted the visitors their sole score of the mixup.

Miss Mildred Roberts spent the week-end with her parents at her home in Easton. She was accompanied by Jean Kierstead and Evelyn Smith, who visited their homes at Westfield, and Kay Ranney and Jennie Davidson, who went to Miss Ranney's home in Presque Isle. The party returned to campus Sunday evening.

BANANAS TO TRAVEL TO BATES IN ROYAL CHARIOT

The glad tidings are at hand which assures the transportation of H.R.H. Bananas XII to the Bates game. This relieves the tension felt on the campus during the past week relative to the most necessary presence of His Majesty at Lewiston.

The "Gridiron Grizzler," to grant him his war title will tour "a la Henry," "Ray" White and "Pat" Patterson will fill the positions of coachman and footman on the trip.

PROF. BRICKER ISSUES CALL FOR DEBATE CANDIDATES

Prof. Bricker of the Public Speaking Department and director of debate announces the dates for the meeting of debate candidates as follows: Freshmen—men's group, Monday, Nov. 4 at 4:15 p.m. in Arts and Sciences (275); Upperclassmen, Nov. 5 at 4:15; Freshman girls group, Nov. 6 at 4:15; and Upperclass girls Nov. 7 at 4:15.

CHANGES MADE IN CAST OF "DULCY"

Professor Bailey is working the cast for the new Masque play overtime in preparation for Nov. 14. There has been a change in the personnel of the cast up to date. William Keith '32 will play the role of Sterret and Charles Hinchley will assume the part of Patterson, and Julia Schiro will appear as Angela. "Dulcy" played the usual run at Lakewood Theatre this summer and was highly appreciated and caused a great deal of favorable comment in dramatic circles. A veteran cast is hard at work preparing to duplicate the splendid work of the players at Lakewood this summer.

It is requested that all men interested in Glee Club work report to 355 Arts & Sciences Tuesdays and Thursdays at 12:45 P.M. Good work is being done by the twenty-five men who are already out, and a trip will probably be arranged if the organization is able to put on a worthy program. Edmund Lewis is leading the club this year.

ASHWORTH RE-ELECTED MANAGER OF VARSITY FOOTBALL

James P. Ashworth '30 was reelected to the position of manager of varsity football by the Athletic Association at a meeting Thursday evening. He served as varsity manager last year during which time he did good work.

When Henry Favor who was elected manager last year did not return to college this fall Ashworth accepted the managers job and had been working faithfully up until the time of his reelection.

He is prominent in Debating circles, and has represented Maine on the varsity debating team. He is a member of Delta Sigma Mu, honorary debating fraternity and a member of Beta Theta Pi.

Just Naturally Good

Good tobaccos . . . made good by Nature, not by "artificial treatment." That's the secret of OLD GOLD'S goodness

A chef may be able to make a doubtful steak taste good by artificial flavoring and sauces . . . But it's still dangerous to your stomach.

So it is with cigarette tobaccos. "Heat-treating" is useful to "set" and "sterilize" the tobaccos . . . and all cigarette makers have used it for years. But "heat-treating" cannot take the place of good tobacco in making a honey-smooth cigarette.

OLD GOLD tobaccos are naturally good. Carefully selected from Nature's best for smoothness, flavor and freedom from throat-scratch.

You have only to try a package to get the thrill of this smoother and better cigarette. That will tell you why OLD GOLD'S sales are ALREADY THREE TIMES GREATER than the combined sales of three leading brands during a like period of their existence.

Better Tobaccos make them smoother and better . . . with "not a cough in a carload"

On your Radio, OLD GOLD—PAUL WHITEMAN'S ORCHESTRA. Paul Whiteman, with his complete orchestra, every Tuesday, 9 to 10 P. M., Eastern Standard Time

Seriously Crippled Maine Varsity Meets Bates Bobcat

big gap in the line. Jack Elliott will replace Horne at left tackle. He is a left-tackler of last year who can hold his own in a game as he showed last Saturday against New Hampshire. Charles Gowans will play left guard in Vail's position with Harry Moyer as reserve strength. Gowans has had quite a bit of experience, playing left guard against New Hampshire. If Fat Davis is not in condition to play by Saturday Ace Wasgatt or Kisonak will get the call to start Lester Fickett will be started in Bill Gowell's position at right tackle. While Fickett has had quite a bit of experience this fall, playing most of three games, he is a Sophomore and a green man.

Captain Zakarian is expected to have another big day as he played about the best game he has shown at Maine against New Hampshire. Maine's ends have been coming fast with the experience of a few games under their belts. They played a fine defensive game last week and both will have a chance to show what they can do on the offense at Bates.

The backfield is in good shape with the exception of Jasonis and Riley. Riley has a bad shoulder but will start the game although Warren Blocklinger will replace him probably early in the game. Abbott

will put the pep into Maine's offense with his reappearance at quarterback. Daley will be used as much as possible as Abbott is not in the best of condition yet and has two more hard games after Saturday. Milton Sims will hold down left half. He has turned into a dependable halfback who can be relied upon. Hector Hebert at fullback completes the backfield. Hebert gave a good account of himself last Saturday against New Hampshire. He is a hard plunging back and strong on the defense.

The sportwriters of the state rate Maine just a bit better than Bates but give Bates credit of having the strongest team in years while Maine certainly can't say that. The game should be close and interesting. With Abbott in the game passes will probably be Maine's chief offensive weapon and if the line can hold Bates Maine should come out on top by a couple of touchdowns.

TICKETS FOR BOWDOIN GAME GO ON SALE MONDAY

Tickets for the Bowdoin game will be on sale next week. The new ticket system will be in effect for the various classes. Seniors will receive their tickets Monday, juniors Tuesday, sophomores Wednesday and freshmen Thursday. This advance sale of tickets is expected to eliminate the regular "pre-Bowdoin" rush.

Valiant Stand Made by Bear Against Clawing Wildcats

While every man on the Maine team played the best football that was in him and no man should be given any more credit than his teammate, the work of Hector Hebert, Bill Daley and Captain Zakarian was especially brilliant. At fullback Hebert was a consistent ground gainer, tearing through the Wildcats for many good yards. His defensive work also stood out. Bill Daley at quarter ran his team well, punting high and far and threw passes second only to Abbott. Captain Zakarian was all over the field on the defense smearing bailing trick plays with the aid of his football nose. It would have been hard to find a better center than Zak Saturday.

Assistant Professor Piston of the Physics Department will attend a meeting of the American Optical Society at Cornell University on October 24 and 25.

WINSLOW JONES UNDERGOES OPERATION

Winslow Jones '30, who was seriously injured in an automobile accident a week ago last Saturday evening, was operated on Sunday by a Portland bone specialist at the home of Doctor Coombs in Waldoboro where he was taken after the accident last Monday morning. The fractured bones in Jones' back were set successfully, and he will be moved to his home in Portland in about one month. It is expected he will be able to return to college after the Christmas vacation.

New Metal Invented by Westinghouse Research Engineers

steel, and to be very tough at high temperatures, when most metals lose their strength. Engineers predict many uses for Konel.

The new metal was created by Dr. E. F. Lowry, a graduate of Ohio State University. As a substitute of platinum, Westinghouse officials are authority for the statement that Konel already is saving approximately \$250,000 monthly in the manufacture of radio tubes.

Platinum costs approximately \$180 per ounce, while the new substance costs only a few dollars a pound. Life of Konel filaments is approximately ten times longer than other filaments. Tubes with filaments made of the new metal are operated 175 degrees colder than tubes with platinum filaments but with the same emission, thereby giving better reception results, research engineers say.

Students Offered Chance for Traffic Problem Study

through safer and more efficient use of streets and highways.

Individual students or classes interested in special studies of traffic are invited to communicate with this organization regarding such special subjects for either individual theses or group projects. Opportunities are presented for students to gather important information, to investigate it, and to draw from it conclusions that will be substantial contributions to the development of the traffic engineering profession. Inquiries should be directed to Public Safety Division, National Safety Council, 108 East Ohio Street, Chicago, Illinois.
